EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Kevin W. King (Reg. No. 42,737) on 3/17/2005.

The application has been amended as follows:

Please amend claims 1, 18 and 20 as follows

In claim 1, after the final word "cavity" in the tenth line, please remove the period, "." and replace it with --, wherein the cavity extends completely around the aperture.—

In claim 18, after the final word "breast" in the fourteenth line, please remove the period, "." and replace it with --, wherein the cavity extends completely around the aperture.—

In claim 20, after the final word "aperture" in the eleventh line, please remove the period, "." and replace it with --, wherein the cavity extends completely around the aperture.—

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

It should be noted that Silver (USPN 5,897,580) discloses a thermal breast pad having a single fluid cavity (16), two or more baffles (22 and boundaries of portion 24). It was therefore necessary to further amend claims 1, 18 and 20 in order to overcome the Silver reference.

The prior art does not disclose, imply, suggest, teach and/or provide a properly motivated combination thereof disclosing a thermal breast pad comprising a single fluid cavity, two or more baffles, an aperture wherein the cavity extends completely around the aperture.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Aaron Roane whose telephone number is (571) 272-4771. The examiner can normally be reached on Monday-Thursday 7AM-6PM.

Art Unit: 3739
